- Primary source of communication: Whatsapp Group
- Secondary source of communication: Email

- Members agree to respond to group communication within 12 hours
- Minimum of 2 meetings will be arranged per week to communication progress updates or queries regarding the assignment, as well as providing feedback on what has been accomplished as well as the expectations of each member of the group.
- Additional Meetings will be arranged if needed.
- Meetings may be held via Whatsapp Group Voice call and recorded in meeting minutes according to what has been discussed.
- Tasks must be completed in timeframe agreed on via group members (approx. 48 – 72 hours prior formal submission date)
- If a member cannot meet the deadline, group members must be notified 48 – 72 hours in advance so assistance can be provided.
- Deadlines will be regarded with upmost importance and will be taken to lecturer if not taken seriously
- Failure of communication will be regarded as non – participation

5. Contribution Expectations

Every member agrees to:

- Participate in research, planning, system design, coding, testing and documentation.
- Make community contributions to GitHub on a regular basis and have substance to the commit.
- Help other group members where necessary.
- Be involved in testing and reviewing of codes.
- Inquire knowledge of all significant elements of the project.
- Be academically honest and innovative.

Minimum Requirements:

- Consistent and frequent GitHub commit.
- Presence at a regular meeting.
- Active group discussions and decision making.
- Meeting of tasks set and within stipulated time limits.

6. Deadlines and Work Standards

The group agrees to:

- Half a day before formal submission times do all internal work.
- Use GitHub to maintain version control.
- Make safe backups to all project files.
- Perform per standards of coding and documentation given in class.

Professional Presentation and Formatting of the final submission.

7. Conflict Resolution Procedure

These are the steps that will be taken in case of a conflict or performance issue:

- The problem will be addressed internally among members of the group members first.
- The Concern will be documented by the Group Leader.
- The concerned member will be informed of a formal written warning.
- In case the problem remains, the lecturer will be notified and with evidence (GitHub logs, communication logs, meeting minutes, etc.).
- All members are required to always behave and communicate in a professional and respectful manner

Examples of Issues Include:

- Constant skipping of meetings.
- Lack of contribution
- Failure to communicate
- Late Submissions when there was no justification.
- Academic misconduct/plagiarism.

8. Non – Participation Agreement

Every member recognizes that he or she could fail to play a meaningful role in the project, which could lead to:

- Making a report to the lecturer.
- Possible expulsion out of the group (lecturer should agree)
- Institutional penalties.

9. Agreement Declaration

Signing below, each of the members certifies that he/she:

- Know the expectations and the responsibilities of this contract.
- Accept to contribute equitably and on a professional basis.
- Embrace the use of conflict resolution process.
- Believe in quality cooperation and professional honesty.
